

Hanover 101 follow-up assignment for Strong Interest Inventory (SII)

As you look through your SII report you will find the College Profile in the last few pages. The following chart can be completed using a combination of your interests from the SII results, and the work you have done using O*Net (www.onetonline.org). Additional resources that you will want to use at a later time are the Hanover College Catalogue, and the Student Development Involvement Dictionary (found on <http://studentlife.hanover.edu/studentactivities/>).
